<p><i>Volunteers are an important component of the Ride for Hope and contribute greatly to the overall success of the event each year. We are truly indebted to you for giving up your day and working the event with us to ensure the safety of the riders and the smooth and enjoyable running of the Ride for Hope generally. A key component of our success is the attention to detail and the commitment each person involved makes to doing their job well, and for as long as it takes for every rider to finish safely. Volunteering at the Ride for Hope involves hard work and long hours. We appreciate your commitment and we look forward to an enjoyable and safe day on April 14th, 2012. See you there!</i></p>
